

## The Lola Quartet

**FA Novel, by Emily St. John Mandel**

(Unbridled Books, 9781609530792, \$24.95)

"In her latest, St. John Mandel shows how relationships formed in high school, so often fraught with drama, can ebb and flow and fade and come back to haunt. Among her characters, the perception of what's important and the potential impact of actions varies widely, and something as seemingly insignificant as a photograph can become riddled with layers of meaning, differing for each person who sees it. The writing is taut, the characters well wrought, and St. John Mandel's characteristic infusions of moral ambiguity and complexity remind us, as good novels should, of what it means to be human."

—Emily Pullen, Skylight Books, Los Angeles, CA
